Presidential Powers Over-rule Congress U.N. DISARMING U. S. FOR RED TAKE-OVER

By W. Frank Horne

MODERN RED SLAVERY

"The Communists have discovered that a man killed by a bullet is useless . . . that a demolished city is useless. The objective of Communist warfare is to capture intact the minds of the people and their possessions, so they can be put to use. This is the modern conception of slavery."

Edward Hunter to the House Committee Un-American Activities, March 13, 1958.

U. N. — "RED SUPER-STATE"

The time for action is now—not tomorrow, but today! Tomorrow may be too late. Every patriot, every patriotic broadcast, every patriotic periodical should be launching a full-scale attack on the United Nations and its subsidiaries, and not let up until the Senate brings action against this traitorous Red Trojan horse in our midst. Never before, have its evil designs been so openly apparent.

It has only one sole purpose, a "Red world super-state designed to usher in the reign of anti-Christ."

The super-state would bankrupt our economy, reduce our people to poverty and slavery, destroy every vestige of freedom and abolish every fine tenet of our constitution and the Bill of Rights.

PLANS FOR TAKE-OVER

The administration, through executive orders, legislation and state department action during the past two years has speeded up the accomplishment of the U. N.'s colossal scheme. The establishment into law of the Disarmament and Peace Act, known as Public Law 87-297 has put us on record to dissolve all of our military forces within a period of nine years, and makes way for the policing of our nation with UN troops. Already these troops are maneuvering in our land under "Operation Moccasin," "Operation Crescent" and similar rehearsals for the TAKE-OVER.

Plans are under way for such maneuvers, not only in Georgia, but in the Pacific northwest and the midwest areas. The administration's policy on the common market and defeatism in Laos, Vietnam, Berlin, and other compromises with the Kremlin has put us in a weak and vascillating position where we can be brow-beaten into retreat by any combination of small nations in the world. This new betrayal of the Cuban patriots, and the protection of Castro's Communists in full violation of the Monroe Doctrine is leaving the western hemisphere open for the Communist TAKE-OVER.

ADMINISTRATION AIDS REDS

It seems inconsistent for the administration to argue that only the Cubans can wrest their freedom from Castro; and then hold them back. I cannot see how (inviting them, as the president did at his press conference, to join the United States Army, which is committed to not invade Cuba,) he is offering the Cubans a way to fight for Cuban freedom by enabling them to fight at Vietnam, but not in Cuba.

We continually talk about "free people" on one side of our mouth, while we allow and help to put former free nations like Katanga and Cuba under red domination, where the people are willing to fight back.

While talking of freedom for the world, we are under-writing with finances and our prestige the United Nation's diabolical plot to establish under our government a one-world economy. The government and economy has almost been accomplished.

Now plans are under way in the building of a twelve-story International Church Building on the U. N. site, which sooner or later will become headquarters for the plot to place every denomination under centralized world religious control.

Already our executive department has put themselves in a place where under the guise of an emergency, they could establish a complete dictatorship over our way of life and would commit at once all who fought back, to mental institutions, or to concentration camps or prison. These are the facts of executive dictatorial power already arranged.

DICTATORIAL POWERS

This series of Executive orders was signed by President Kennedy on February 16, 1962:

- "e. o. No. 10995 - TAKE-OVER of communications media.
- e. o. No. 10997 - TAKE-OVER of all electrical power, petroleum and gas; fuel and minerals.
- e. o. No. 10998 - TAKE-OVER of food resources and farms (including all equipment for farming.)
- e. o. No. 10999 - TAKE-OVER of all modes of transportation and control of highways, seaports, etc.
- e. o. No. 11000 - MOBILIZATION - of all civilians into work force under government supervision.
- e. o. No. 11001 - GOVERNMENT TAKE-OVER of all health, education and welfare functions.

e. o. No. 11002 - Designates Postmaster General to operate a national registration of all persons.

e. o. No. 11003 - Government to TAKE-OVER all airports and aircraft.

e. o. No. 11004 - Housing and Finance Authority to relocate communities—build new housing with public funds—designate land areas to be abandoned as unsafe - and establish new locations for populations - complete integration will be enforced hereby under JFK's latest executive order against discrimination in housing, built with public funds.

e. o. No. 11005 - Government to TAKE-OVER railroads, inland waterways and public storage facilities.

e. o. No. 11051 - Designates responsibilities of office of emergency planning; gives authorization to put all other executive orders into effect in times of increased international tension or economic or financial crisis.

Part One - Sec. 101d - herein states (the Director) is to . . . perform such additional functions as the President may from time to time direct."

Under these Executive Orders we would surrender ourselves to an Executive dictatorship, which in turn could place us under complete U. N. control.

KILL THE SPIDER

We can't forever be trying to remove the cobwebs, but if we do not kill the spider, then all our labors are in vain. The spider definitely is the international conspiracy which is using the United Nations as a vehicle through which to bring in the reign of the anti-Christ.

The time has come when we should tear down every United Nation's flag, boycott every business or organization which displays the flag, infiltrate and capture and destroy every pro-United Nations organization. Offset every U. N. program in our local areas by picket lines and publicity, and through educational drives to show the people how the freedoms are being taken from them. No Senator or Congressman should have our support if he is a friend of the United Nations, for no man can serve two masters. He will love one and hate the other! You cannot serve God and Mammon! You cannot serve Christ and anti-Christ with the same loyalty.

Let us remind those in Congress we as American patriots and lovers of Christ are going to call a halt to the desecration of our republic by evil and sinister forces operating thru the U. N. Trojan horse; and the "Council on Foreign Relations" and in the State Department.

We must work at once to support every piece of legislation which seeks the abolishment of the U. N. and the investigation of our State Department policy. This must be an over-all fight to the death! We must not be distracted by the efforts of the enemy to divert our minds on the other issues.

Let us in the months ahead go over the top with a full scale offensive. The hour of retreating is over.

Let us "KILL THE SPIDER."

A Judge Speaks Out On Executive Orders

Republished from—

Shasta County Chronicle
Burney, California

Judge R. R. Sischo of the Merced Superior Court, California, recently retired, charged that the President's power to issue Executive Orders "is fast changing our form of government into a dictatorship."

He challenged readers not to take his or anybody's word for or against this statement, but to go to their city or country library and read the Executive Orders.

Executive Orders become the law of the land merely by being published in the Federal Register.

"This gives the president unlimited power in making laws," Judge Sischo declares. "Executive Orders issued by the President do not require the knowledge or consent of Congress. However, former Presidents used this power only in emergencies, such as war."

"All Executive Orders may be read in most county and city libraries. So do not take anyone's word for this shocking exercise of dictatorial power."

Judge Sischo then gives the numbers of a dozen Executive Orders, together with a brief resume of each.

The judge then says that "In order to show the vast power of the President to eliminate legally constituted agencies, such as the Government Patent Board, etc., and to create new bureaus, both national and international, by merely writing an Executive Order and publishing it in the Federal Register, one complete Executive Order is quoted below:

Federal Register January 16, 1962 Page 439.

EXECUTIVE ORDER 10985

Amendment of Executive Order No. 10501, Relating to Safeguarding Official Information in the Interest of the Defense of the United States.

By virtue of the authority vested in me by the Constitution and statutes of the United States, and as President of the United States, and deeming such action necessary to the best interest of the national security, it is ordered that section 2 of Executive Order No. 10501 of November 5, 1953 as amended by Executive Order No. 10901 of January 9, 1961, be, and it is hereby, further amended as follows:

"Section 1, Subsection (a) of section 2 is amended (1) by deleting from the 1st of departments and agencies thereunder the Operations Coordinating Board, the Office of Civil Defense Mobilization, the International Cooperation Administration, the Council on Foreign Economic Policy, the Development Loan Fund, and the President's Board of Consultants on Foreign Intelligence Activities, and (2) by adding thereto the following named agencies:

Agency for International Development.
Office of Emergency Planning.
PEACE CORPS.
President's Foreign Intelligence Advisory Board.
United States ARMS CONTROL and DISARMAMENT AGENCY.

"Section 2, Subsection (b) of section 2 is amended by deleting from the list of departments and agencies thereunder the Government Patents Board, and by adding thereto the following-named agency:

"Federal Maritime Commission.

"Section 3, The Agencies which have been added by this order to the list of departments and agencies under subsections (a) and (b) of section 2 of Executive Order No. 10501, as amended, shall be deemed to have had authority for classification of information or material from the respective dates on which such agencies were established.

"JOHN F. KENNEDY
"The White House
"January 12, 1962"

"When we read some of the Executive Orders which the President has published in the Federal Register," Judge Sischo stated, "thus making them the law of the land, and in conjunction, read Congressional Record, Sept. 26, Public Law No. 87-297 (page D912, 1961) which creates the U. S. Arms Control and Disarmament Agency, one cannot suppress fear for the future of our once glorious country.

"The U. S. Arms Control and Disarmament Agency is the three-stage plan for the immediate and complete disarming of this great nation without even an agreement or treaty with any other nation to also disarm. Treaties or agreements with Russia would be worthless anyway as Russia has broken 51 of the 53 treaties or agreements negotiated with the United States. Congress passed and the President signed into law Public Law No. 87-297. At the same time, the State Department issued Booklet No. 7277, "Freedom from War, The United States Program for General and Complete Disarmament, in a Peaceful World." Six month's later, the President issued Executive Order No. 10985 activating disarmament through the U. S. Arms Control and Disarmament Agency.

"The State Department Publication No. 7277 outlines the procedure by which the United States is disarming and recommends the strengthening of the United Nations in the same proportion as the United States disarms."

Send 15 cents to the U. S. Government Printing Office, Washington 25, D. C., for this graphic description of dismantling our armed forces, and read it for yourself.

Ask your Representative to support the House Resolution (8/15/63), of Congressman Glennard P. Lipscomb (Cal.), which calls for the creation of a Joint Committee on Executive Orders—six watchdogs each from the Senate and House. To quote Rep. Lipscomb: "We need it in the interest of preserving freedom and constitutional government in the United States."

The Stainless Pen

DEDICATED TO THE MEMORY
OF CONDE MCGINLEY

It wasn't many years ago
I met a fighter true
Who gave up life's fine pleasures
'Cause he had a job to do.

He carried neither shot nor shell—
Just held a weapon small
That glimmered with each line it wrote
And blared a clarion call.

Just a pen's hard stainless point
And a mighty, sturdy hand
Stood off the Jew-led enemy
Who holds this captive land.

Now the Stainless Pen is still—
No longer on the line
But its strokes of truth have marched
Into the ranks of time.

Even as I write this now
A voice of warning cries:
"Americans! The time is short!
To arms arise! Arise!"

Yes, Conde was a shining star
Amid this long, black night.
He never made the headlines
But he fought for what is Right!

Cold days and colder nights he spent
Entrenched time and again
And though he's ceased to draw a breath,
Still shines his Stainless Pen!

Our Grateful Thanks

During the past few months, we have received thousands of letters, cards and messages of sympathy from our readers, who mourn the loss of our Editor, Conde McGinley, who died July 1st.

Those of us who have been left to carry on in this struggle, have also received many letters of encouragement, for which we are most grateful. We have been doing our best, working along with heavy hearts, making the necessary adjustments, trying to fill in the terrible vacuum created by the loss of our Editor.

During the Summer months, we are faced with a critical shortage of help, and we have been unable to acknowledge each letter personally as we would have liked to.

The family of Conde McGinley and staff at Christian Educational Assn., appreciate your wonderful letters and messages of loyalty and encouragement. In addition to giving us spiritual and physical support, it has also made us realize Conde will not be forgotten by the thousands of patriots who were first made aware of the enemy through his efforts. Nor will he be forgotten by the enemies of Christ he so courageously fought. Regardless of smear, or silent treatment, he will long be remembered by both friend and enemy.

Don't let the enemy forget him, but carry on where he left off when the Lord called him home. Keep passing out papers and spreading the word, so that he will live in spite of the efforts of the enemy to silence him. He has passed the torch on to you—be it yours to proudly hold high.

Many readers suggested a monument or a memorial fund to Conde McGinley. We can hear Conde modestly chuckle that the only monument he wants is for you to continue the work which he dedicated his life; to keep slugging away at the enemies of Christianity and our country in spite of all obstacles. And we are counting on you to keep us in this fight with your time, your prayers and your funds—each according to his circumstances and ability.

God bless each and every one who has lightened our burden in any way.

Read and pass on!

THE GESELL REPORT - MILITARY DICTATORSHIP

NAACP OFFICIAL WRITES REPORT

The most recent development in the integration assault is the publication of a report which is, without question, the most sweeping attack on the separation of the races since the Black Monday decision of the Supreme Court. It is the work of a seven-man civilian committee appointed by the President in June, 1962 known as "The Gesell Report." Though this report bears the name Gesell, it was actually written by Nathaniel Colley, a California NAACP official. The other members of this committee which consists of three negroes and four whites, are Whitney Young, Jr. of the National Urban League; Abe Fortas, a lawyer who helped Alger Hiss and Harry Dexter White to prepare a draft of the U. N. charter; John Sengstacke; Gerhard Gesell, the report's namesake, who helped whitewash the Pearl Harbor attack investigation in 1945-46; Louis J. Hector, Rhodes Scholar; and Benjamin Muse. This committee is named, "The President's Committee on Equal Opportunity in the Armed Forces" and the title of this initial report is, "Equality of Treatment and Opportunity for Negro Military Personnel Stationed Within the United States." It is obvious, from the first page to the last, that the true subject is not "equality" but "preferential treatment."

The report was forwarded by the President to the Secretary of Defense at the Pentagon where indications are it is already regarded by the branches of the service as "The Bible," even though it was supposedly submitted only as a report and not a directive.

MILITARY DICTATORSHIP

These are a few of the attitudes and recommendations contained in its 93 pages:

- More recruiting should be directed toward Negroes to correct the "insufficient flow" of Negroes into the services and to increase the "pitifully small" number of Negro officers.
- Negroes should be located in jobs throughout the services regardless of their individual preferences in order to have a few everywhere and in all positions.
- Promotion Boards should have more Negro officers on them because White officers are "consciously or unconsciously" discriminating against Negroes on promotions.
- Special Officers should be appointed (with bi-racial staffs) on every base to handle all complaints of the Negroes.
- Such complaints are to be "encouraged."
- More Negro girls are to be brought on bases for social functions and fewer girls who believe in segregation.
- Negro hostesses should be considered rather than White.
- Military Police patrols used in neighboring communities should be integrated.
- Segregated busses should be boycotted.
- Base Commanders should appoint bi-racial committees in the communities to break down segregated practices.
- Civic clubs should not be joined if they are segregated.
- The past policy of complying with local segregation policies should be terminated.
- The practice of Negroes gravitating to one base service club and Whites to another should not be permitted, even though this might be of their own choosing.
- Methods are suggested for getting around local segregated housing by leasing homes in the name of the government and moving Negroes in.
- ROTC units should be cancelled in segregated schools.
- The efforts of officers to bring about integration should be constantly reviewed and

rated. Promotions should be based on their "initiative" and "accomplishments" in this field.

—The traditional function of the Base Commander and Senior Officer to run a military establishment and maintain good community relations by staying out of local controversies is misguided and should be stopped. They should be encouraged to lead the way to full integration.

—Military personnel should be allowed to patronize only those local establishments which are integrated and have the "express approval" of the Base Commander. All others should be placed off-limits. Approved stores should display placards or decals on their windows and doors to show they have been approved by the military. (This gives the Base Commander life-or-death control of the economic life of the community and the right to subject to military discipline all servicemen, their wives and children who shop at other stores of their own choosing.)

—Should all these efforts fail to bring about integration, the Services must consider curtailing or terminating activities at these installations.

This is only a brief summary of some of the main points contained in this infamous "report." It brazenly calls down the threat of blackmail upon the populace. The military branches were created for the defense of our nation, not as instruments to enforce so-called social reforms.

BEHIND THE SCENE—YARMOLINSKY

As of now, the Defense Department is moving to put most of the Gesell Report into action, through Pentagon directives written by Adam Yarmolinsky, special Assistant to the Secretary of Defense, and rumored successor to J. Edgar Hoover.

Congressman F. Edward Herbert (La.), remarked recently in the House: "Mr. Yarmolinsky has one object in mind, with an almost sataniclike zeal, the forced integration of every facet of the American way of life, using the full power of the Department of Defense to bring about this change . . . I want to tell you something about this Yarmolinsky. I would not repeat this except I repeat it on good authority. He was down in Florida (Cuban crisis) and he ordered the troops integrated in certain hotels that the military had rented. He was informed that the Negroes did not want to be integrated. He said he did not give a damn whether they wanted to be integrated or not, that they would be integrated." (Congressional Record, Aug. 7, 1963).

BYPASSES CONGRESS

Just as JFK's Executive Order No. 10985 establishes the U. S. Arms Control and Disarmament Agency with or without Public Law No. 87-297; just as JFK's Declaration of June 10, 1963, abolishes all atmospheric nuclear testing with or without Senate ratification of the Test Ban Treaty—so Yarmolinsky's Pentagon directives, signed by MacNamara, made possible by the Gesell Report, do enforce into action the Public Accommodations section of the pending Civil Rights Bill (S-1731, Title II), before Congress has even approved it!

Yarmolinsky Eyes FBI

Common Sense, October 15, 1962 stated: "There have been strong rumors that Yarmolinsky, now the behind-the-scenes director of the Defense Department, is slated for Hoover's position as head of the FBI."

Since that time these have ceased to become rumors. It looks very much like he is headed for that position. Yarmolinsky has a red record starting back in Harvard. He was on the editorial staff of the Harvard Marxist publication "Yardling." Of the staff of fourteen, ten were Jews. After Harvard Yarmolinsky became head of the Fund For The Republic in Washington and later became National Secretary. In 1962, W. H. Ferry, vice-president of the Fund For The Republic, attacked the FBI. It is now known that Adam Yarmolinsky wrote the article introduced by Senator Fulbright to disarm the United States and render us helpless.

RED RECORD

While at Harvard, Yarmolinsky was also head of the Marxist Club. He has "admitted attending meetings of the Young Communist League . . ." In his testimony before the Senate Committee, on April 5th, 1962, Maj. Edwin A. Walker, charging Yarmolinsky had close connections with the Communist Party, quoted him as once saying: "I believe that I was inclined to believe that a communist government was desirable."

Yarmolinsky also fought Senator Joseph McCarthy "right down the line" and was openly active against the loyalty security program.

FAMILY BACKGROUND NOT GOOD

Yarmolinsky's father, a Russian Jew, has written left-wing books, and is now in the New York Public Library. His parents have been tied up with such out and out Communist Front activities as: the John Reed Clubs, the publication Soviet Russia Today, the National Federation For Constitutional Liberties (for abolition of the Dies Committee) and the Medical Bureau To Aid Spanish Democracy.

Yarmolinsky's mother, Babette Deutsch, is an aggressive demonstrator on the streets of New York. Her name is second on the list of International Sponsors For The General Strike For Peace.

LEFT-WING JEWISH CONNECTIONS

It is stated by a very reliable source that Yarmolinsky represents the American Jewish Agency, an organization composed of the American Jewish Congress and the American Jewish Committee, of which the Anti-Defamation League of B'nai B'rith is a subsidiary.

WHITHER THE FBI?

If the Federal Bureau of Investigation is turned over to Yarmolinsky, that agency will be protecting communism in place of investigating it; all FBI agents will be withdrawn from the Communist Party and the communists will have the green light. The left-wing has had such success in the New Frontier that it will take over the Federal Bureau of Investigation unless patriotic Americans demand the removal of Adam Yarmolinsky from any government position.

Note: During this three months the sovereignty of our Nation can be irretrievably surrendered as agreements in Moscow may authorize foreign observers to man the—"OBSERVATION POSTS TO BE ESTABLISHED AT MAJOR PORTS, RAILWAY CENTERS, HIGHWAYS, AND AIRBASES TO REPORT ON CONCENTRATIONS AND MOVEMENTS OF MILITARY FORCES".—ACDA publ #1 Gen. U. S. TROOPS — COMBAT READY!

Troop maneuvers and "War Games" planned at the "Aggressor Center", Fort Riley, Kansas, such as Operation Shotgun, Water Moccasin (with another reported for October), Steel Gate, Coulee Crest, Swift Strike, and others, have established combat readiness! "As one officer of the Aggressor Center put it: 'The only time this type of training would have been valid would be if we expected to fight a second Civil War.'"

SHOTGUN WEDDING — PEACEFUL PERSUASION!

The "illuminated ones" have returned from Moscow with the License for the "shotgun wedding" of the U. S. and the U.S.S.R.—the imminent offspring of this union to be Godless World Government!

Again we hear, nuclear annihilation is the alternative to peace and motherhood. Who can vote against motherhood? This same tactic was used in gaining the approval in Congress of the Disarmament Act in September 1961, thus establishing the Disarmament Agency, a number of whose officials attended as negotiators at this infamous affair in Moscow.

NOW, MR. & MRS. AMERICA

the salvation of our Republic is in your hands!! Does the above not merit the concerted opposition to the ratification of the Nuclear Test Ban Treaty? Wire your Senators immediately your considered opinion, and send copies to each of your Representatives. GOD SAVE OUR COUNTRY. "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land".—II Chron. 7:14.

CALLING ALL PATRIOTS!

General P. A. del Valle, Ret'd.

Defeat The Civil Rights Bill of 1963 S-1731

FACTS

This bill is 10% dedicated to phony un-constitutional "civil rights" and 90% to even more un-constitutional and dangerous grants of power to the Executive. Never in the history of nations governed by elected officials has the Head of State demanded such naked and untrammelled power as is embodied in this Civil Rights Act of 1963, except when such state was upon the verge of becoming a Dictatorship.

SIGNIFICANCE

This means the end of the Republic, the destruction of the Constitutional sovereignty of the States which formed it, and direct and arbitrary federal control of every individual, corporation or association formed under state statutes. The authority of the state government will be rubbed out. All banks, saving institutions and other financial institutions and their customers become subject to direct presidential authority, and the financial life or death of nearly every financial institution would be in the hands of one man—the President of the U.S.A.

ACTION INDICATED

Reproduce this alert and ask others to do the same and to spread the word by phone, telegram or any other communications media so the Congress will be swamped with protest against this attempt to make the U. S. a dictatorship.

Get as many conservative groups as possible to alert their membership into taking the same protest action.

Spread the word by tape recording, lectures, phonograph records, at gatherings of every sort.

THIS MEANS LIFE OR DEATH OF THE REPUBLIC!

Defenders of the American Constitution, Inc.
